

# Germicidal UVC Room Unit

THE STERILASER ROOM DISINFECTANT UNIT KILLS 99.5% OF ALL HARMFUL BACTERIA, FUNGI AND VIRUSES (INCLUDING COVID-19) IN MINUTES. UNIT PERFECT FOR GYMS, YOGA STUDIOS, LOCKER ROOMS, CLASS ROOMS, HEALTH CARE FACILITIES, LABORATORIES AND MORE.

## How Does UV Work?

Germicidal Ultraviolet light is absorbed by the DNA of microorganisms, which causes changes in their structure, rendering the microorganisms incapable of replicating. A cell that can't reproduce is considered dead; since it is unable to multiply to infectious numbers within a host. This is why UV disinfection is also called ultraviolet germicidal irradiation (UVGI).

## FEATURES

Loud 80db buzzer warning the STERILASER™ is disinfecting!

Floor Warning Sign included with every unit. (additional available)

Optional sensor turns unit off when movement is detected
