

hale

WIELAND

durable sophistication for healing environments.

Hale delivers the functionality demanded by modern healthcare environments. Like all Wieland products, the Hale family is designed with both infection prevention, beauty and sturdiness in mind. The powder coated heavy gauge steel frames are easily cleaned. Hale is welded at all joints, supporting a 550-pound weight capacity. The molded foam seat cushions provide long-lasting comfort.

easy access chairs fit seamlessly

A higher seat comfortably accommodates patients who are recovering from knee and hip surgery.

Patients using the easy access chair avoid bending their joints more than 90 degrees and flexing their

hip. Hale easy access chairs also reduce the risk of injury to caregivers, as less effort is needed to help a patient sit or stand from the higher seat.

66517M21 motion chair

66517M30 30" wide motion chair

poetry in motion

With Hale motion chairs, patients experience a smooth, gentle rocking motion. Designed to encourage healthy movement, Hale motion assists patients in expending anxious energy. The motion chairs give patients the opportunity for physical activity and the peace of mind to focus on recovery.
