WIELAND

complementary comfort

The Canton collection features a streamlined metal design complemented by a slim oval profile. The Canton collection is available in a wide assortment of models. Included are two and three seat tandems, bariatric, easy access and patient chairs.

The choice of wood or urethane arm caps, combined with wood or aluminum side rails, adds the finishing touches to suit any style. Canton seating pairs perfectly with the free-standing and modular tables in the collection.

highlights

- aluminum or wood side rails for a customized look
- tandem seating offered in several configurations
- patient chair and easy access chairs available
- variety of freestanding or modular tables

patient chair

The thick molded foam of the contoured high back provides the comfort desired during the recovery process.

easy access chair

Designed to assist patients with partial or total hip replacement, or knees that are arthritic or surgically repaired.

canton tables

Freestanding and modular tables in various sizes are offered in round, square, and rectangular shapes. A wide selection of laminates are available. Modular tables are designed to connect tandem units to create modular groupings.
